

NAIR, Rajan

Consultant and Faculty (Hydrology & Water Resources)

Formerly Chairman, Brahmaputra Board

Member, Dam Safety Review Panel, Tamil Nadu

IEM, THDCIL and NHPC

Born in the year 1948, Rajan did his Bachelors in Engineering from Malaviya Regional Engineering College (MREC) Jaipur, Rajasthan, and Masters from Birla Institute of Technology and Science (BITS) Pillani, Rajasthan. He commenced his professional career as a faculty member at MREC (1972-1974) where he taught Computer programming, Irrigation Engineering and Surveying. Joined the Central Water Commission (CWC) in the post of AEE at Delhi in 1974 and rose to the level of Chairman (in the Brahmaputra Board) from where he superannuated in the year 2010. Did a stint as faculty (for 10 yrs) at Central Training Unit (now National Water Academy, Pune) and was involved in conducting basic and advanced training to in-service Engineers in the subjects of Economics, Irrigation, Water Resources Engineering, Floods and Sociology. Rajan has a good working knowledge of software used in the flood sector apart from sound grounding in computer programming. Additionally, has conducted a number of workshops and seminars on specialised topics and delivered presentations in them.

Being a Hydrology and water resources expert, Rajan is currently working as a member of Dam Safety Review Panel for Tamil Nadu and is also an IEM (Independent External Monitor) for THDCIL and NHPC for the past more than two years where he has been associated in the implementation of IP (Integrity Pact).
